## Application for Berkeley Accelerated Summer Institute (BASI) 2024

**Rationale:** The Berkeley Institute will provide the opportunity for students to earn senior school credit for courses taken over the summer. Unlike summer school where students retake courses that they have failed, the Berkeley Accelerated Summer Institute (BASI) is designed for students wishing to take courses for the first time over the summer period to propel them ahead. This would provide students the opportunity to matriculate swiftly through the BSD/BSSD programmes and position themselves to take full advantage of programming such as additional GCSE's/IGCSE's, Dual Enrolment and AP.
